### MEMOIR OF JAS. BUCHANAN

OF PENNSYLVANIA

in the Intelligencer of the 14th inst. we find copied from the Pennsylvanian. a very imperfect memoir of this distinguisted Pennsylvanian, to which we be leave to add a few items of history omitted no doubt by mistake or igno rance of the facts. We shall confin ourselves at this time to a few extract from the "Memoir," and make such re marks and quotations from the RECORDS as truth demands. The Memoir says:

"Mr. Buchanan is in the sixty-fifth year o his age, and in the vigor of health, intellectually and physically."

In 1852 Mr. Buchanan in a letter to the plea that he was too old to make most earnestly requested to use their utmost en them a speech. "More than sixty deavors as members of the National Legislayears," and asked for "an honorable discharge!" How unkind to force him into the Presidential harness.

Again:

"He was born in the county of F. anklin, in the State of Pennsylvania, of honest and induschitect of his own fortunes - having received a Legislature to use the most zealous and strenugood education, he studied the profession of the law, in the county of Luncaster in the same islature where he distinguished himself by those exhibitions of intellect which gave promise of future eminence."

So he was elected to the Legislature supply the record of 1815. ASSEMBLY.

Jas. Buchanan, FEDERAL, Molton C. Rogers, Democrat 2:02

"In 1820, James Buchanan was elected to the ling be published in the newspapers of this city. House of Representatives, and retained his position in that body for ten years, voluntarily retiring after the first Congress under the ad

ministration of Andrew Jackson." Ten years in Congress as a Democrat we suppose, but let us examine the RECORD and see:

On the 4th of July 1814, Mr. Buchanan when he was a candidate for Assembly on the Federal ticket, delivered "an oration," in Lancaster, in which he showed his love of Federalism and hatred of Democracy, by attacking the administration of James Madison. He

Mr. Gregg, although not a Federalist, has always been considered an honest and enlightened politician.

"He has acted a leading part in the adminis tration of G. neral Hiester, and deserves much of the credit to which it is entitled. We are assured he resisted with all his energy, the adoption of the measures which justly gave so much offence to the Federalists of Lancaster

The Memoir again says:

"He was the warm and ardent defender of the administration of Mr. Monroe, the active op-ponent of the administration of John Quincy Adams, and the consistent and trusted friend of General Jackson."

Mr. Menroe was elected President in Darby Favorite-Samuel Lautus, 1816 and again in 1821, and Mr. Buchanan was a Federalist until 1828, when Gray Bull--A. Seymour, he shifted his position to a "Jackson man" and was elected to Congress as Lady - Q. G. Corwin, such, but not as a Democrat, as about Charlotte 2d-P. Melendy, that time, he, to secure the Federalist to Alice-R. G. Corwin, vote for him, told a prominent Federalist that if he "had a drop of Demo- Donna-Gen. Wolf, Coshocton Co O cratic blood in his veins he would let it Calm 3d-S. C. McMaster, out." There must be some mistake as Blythe 3d-Same, to his having been an "ardent friend of the administration of Mr. Monroe."

On the subject of slavery the "memoir" is not very definite, and we will give his views as expressed in a series Twin Red Rose-R. G. Corwin, of resolutions reported by him to a pub- Lady Paley 3d-A. FILLMORE | EMONSTRATION IN DELAWARE. -A meeting of the friends of Fillmore was held in Wilmington on Wednesday evening last, and said to have been very large and enthusiastic. The name of Fillmore was received with shouts of applause, proving that a deep interest i felt in his election, and that the contest will be warm and animated. The Republican says:

The issue is good government, peace against the outrages, bickerings, jealousies, and strife which have ensued since the inauguration of President Pierce, and been brought to a fearful pitch of excitement and toward Millard Fillmore are turned the hopes and expectations of the conservative citizens of our country. He is a good, wise, and safe man-he has been tried and approved, and in this time of peril, when the angry billows of faction dash high up the sides of the good old with that confidence which the storm-tossed mariner feels in the tried and experienced captain. He is the man to carry the State of Delaware over Janes Buchanan, and we look forward to a glorious triumph, which will be achieved, if the op ponent of Locofoco border ruffianism are the day of the election comes.

N. B.—The unparaileted success of our Sewing Machines has induced several traudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringements of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of holding down the fabric to be sewed to the surface of the Machine, by a yielding pressure, which is used in all Sewing Machines—bas been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines, as we allege, each iditing three distinct patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringed Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

#### R. 'S. RADWAY'S READY RELIEF

RADWAY'S READY RELIEF
Is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c. quicker than Morphine, Chloroform. Veratrine, or any other anodyne or remedy that nas ever been used by medical man.

It is safer than these dangerous remedies. The public willbear in mind that Chloroform. Morphine, Opium &c. only stifle the pain by stupifying the senses, so that the perceptive faculties loose the power of feeling, and that after the influence of these narcrotics have passed from the system—the pain again breaks forth with its terrible pangs, with reneweds iolence.

Radway's Re dy Relief stops the pain and removes the cause of the disease that occasions it, it increases whife into the we k and diseased pairs. It braces up the nerves, and establishes in the system a rescent of health and strength in place of pain weakness and disease.

As a counter irrivan, Radway's Ready Relief applied to the surface of the ody, where there is inflamation of congestion, it will instantly scatter the congested blood, evusitizes the circulation, and in a town in a set of Lumbago, Goult, and Rhemantism in their roots, terrible forms where an application of Radway's Ready Relief will restere the patient to case and countort.

They establish new and improved principles in Medicine, and secure the great end important power of regulating to a healthy, natural and harmonious action, each and every organ in the body. This great controlling power has never formed any part of the properties of the popular Cathartic, Vegetable or Indian Puzgative Pills, that have ever been in use-Radway's Regulators rid the system from disease and restore the human body to health, on entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative plits.

One or two of Radway's Regulators will remove the cause that occasions pain or sickness, or an irregular or unnatural action or condition of the organs of the body. cause that occasions pain or sickness, or an irregular or unnatural action or condition of the organs of the body; quicker, more effectual, and with less trouble to the pa-tient than six or ten of the common cathartic or purga-tive pills. All of the common pills of the day called Vegetable. Indian, Cathartic, &c., claim that they cure disease by purging from the bowels. This is as fag as they go—they act upon the bowels. This is as fag as they go—they act upon the bowels by irritating the n ucuous membrane and thus obtain an evacuation in the same manner as the bowels are moved by eatleg something that disagrees with the system. This is truly an unnatural method of restoring the system to kealth, by swallowing pills that disagrees with and irritates it. Those who have talled these common pills are well awre of the weak and debilitated condition their systems are left in. After the scouring operation of these drastic purgatives is over the bowels are sore and feeble, and again accome costive and bound up. Hence arise dyspepsia and a host of discases. Radway's regula or snever leave the bowels in a costive condition, or occasion pain or weariness in their operation. THE BOWELS.

The Regulators should be given every four hours, in large doses of from four to six, until free and copious discharges of from the bowels are obtained. The relief applied will produce a salutary effectupon the skin, and taken in water, will abate the fever.

If inflamation or congestions take place, Radway's Regulators and Ready Relief should be taken in large doses. A cure will quickly follow their use. In case of Biliousness or Malignant Bilious Fever, or Bilious Pueumonia, Radway's Regulators given in full doses, and the whoie surface of the body with Radway's Ready Helief, effectually and speedily cure the patient. If Rheumatism, attacking the joints and limbs, inflicting its terrible piercing pan, s of pain with mercites rapidity—changing about from joint and from limb to limb, lumbarso, Neuralgia, or gout afflicts you, Radways's Ready kelief applied applied to the parts where the pain is left, will quickly relieve you from its excruciating pangs. Radway's Regulators will expel from the intestines all irritating and corrupt homors.
